Representatives from Argentina, Australia, Chile, Greece, South Africa, Spain and the US were present. Nigel Garrard, departing GM of SPR Ardoma, noted four opportunities for the industry to focus on, specifically to capitalize on the health trend and to promote fruit as part of the breakfast *and* dessert menus. Observers from California included Fred Baker of Seneca Foods Corporation, CCPA Board Members Sarb Thiara, Norm Kline and Kulwant Johl.

Ongoing U.S.-Mexico Trucking Dispute

On March 18th in response to the U.S. government's decision to forego renewal of the NAFTA Pilot Truck Program, the Mexican government took retaliatory measures and imposed import duties of 10% – 20% on ninety different U.S. products (primarily agricultural). Many of the items which are now subject to these retaliatory Mexican duties have a direct impact on the California Agribusiness, such as almonds, juices, wines and fresh produce. Secretary of Transport Ray Lahood has designed and submitted a proposal for the White House to review. To date, there has been no official response.
